**MILLIKEN®**

# INTRODUCING HORIZON™ BANQUET TOPS FROM MILLIKEN®

Milliken's new Horizon™ seamless banquet tops make an elegant table setting. Unlike banquet tops that have seams down the center or on the sides, Horizon has a perfect drape that enhances the presentation of your banquet tables. Horizon is available in five popular standard colors—white, ivory, black, maroon and sandalwood. Custom colors are also available in minimum quantities. Horizon's unique fabric also affords unparalleled performance because it won't shrink, fade or lint like cotton or 50/50 blends. These features, combined with longer life and the best soil release in the industry, make Horizon the right choice to create a banquet setting that is truly fit for a king!

Made in USA
